

- Distance:** 1.5 miles
- Starting point:** Tottenham Marshes car park, Watermead Way, London N17 0XB
- Route summary:** A circular route discovering the 'wilds' of Tottenham Marshes. The route heads north around the perimeter of Wild Marsh West before crossing the river and returning along the towpath
- Terrain:** Surfaced pathway including towpath, several bridges with steep inclines and large cobbles, walk-around gates
-

Directions

- Proceed north out of the car park (through the main entrance and exit) and cross over the main access road through the walk-around gate onto Marsh Triangle
 - Join the new surfaced pathway and proceed onto **Wild Marsh West**, passing over the Flood Relief Channel, Pymmes Brook
 - Continue along the path, crossing the new **wildlife wetland habitat**
 - Bear to the left, continuing along the path, past the **wildflower meadow habitat**
 - Continue past the entrance to Marigold Road on the left, proceeding to the northern perimeter of the marsh
 - Follow the pathway to the right, passing the Leaside entrance and proceed towards the river
 - Proceed over Chalk Bridge, following the pathway down onto the towpath
 - Turn left and proceed south along the river to **Stonebridge Lock**
 - Cross the river at the lock, the Stonebridge Lock Waterside Community Centre is on your right
 - Proceed west along the main access road and turn left into the car park
-

Toilets

- Stonebridge Lock Community Centre
